

B Fresh is a highly effective biological washroom cleaner that works by degrading organic soiling to completely eradicate stains and odours.

Use on porous washroom surfaces such as flooring materials and tile grouting and especially around urinals and toilets when soiling has been absorbed below the surface. B Fresh will remove calcium deposits and limescale in toilet bowls, sinks, showers, taps and fittings.

Use to clean all washroom fittings, including stainless steel.

- pH value approx. 4.5
- Pleasant mint fragrance
- Formulated to spray
- Helps to prevent limescale
- Highly effective against odour
- No harmful properties
- Recommended for use with Bio Blocks

#### DIRECTIONS

##### ODOUR PROBLEMS

spray or swab contaminated surfaces, work well into the soiling with a clean damp cloth or damp mop. Leave to work for a few minutes before wiping away any excess liquid. Do not rinse but allow to dry slowly. Spray and wipe contaminated and soiled areas regularly.

MOP APPLICATION SEVERE ODOURS - use 1:1 with water

GENERAL MAINTENANCE - use 1:20 parts with water

##### SINK & WASTE OUTLETS

pour a little into sink and urinal outlets during quiet periods or at night. The use of disinfectant, bleach or caustic substances will destroy the microorganisms used in this technology.

#### STORAGE

Stable for a minimum of 12 months if stored in the sealed original container out of direct sunlight.  
Keep out of the reach of children.

Available in 750ml or 5 litre
